BAY DIESEL BACKS UP THE RADIO WAVES SO YOU'RE ALWAYS CONNECTED

Chesapeake, VA – Bay Diesel & WHRO have a long standing business relationship with a shared interest in public media, education and supporting the community. Recently, WHRO was in need of a generator to backup their radio tower site in Suffolk, VA to ensure that there are no interruptions during their live broadcasts. Bay Diesel saw this as a perfect opportunity to continue supporting WHRO and the community by donating (2) mobile diesel generators to backup their radio tower. Both units are reliable, multi voltage & trailer mounted for easy mobility and also provide a huge cost savings annually for WHRO.

“We deeply appreciate the generosity of Bay Diesel,” says WHRO President & CEO Bert Schmidt. “Scott Wheeler and his team are tremendous partners who believe in supporting educational initiatives that enrich our community.”
